## Claim your £5 voucher for completing the National Student Survey

The National Student Survey (NSS) launches at Leicester on **xxxxx xx January**.

### What is the National Student Survey?

The NSS is your chance to look back on your higher education experience and speak out on everything from teaching on your course, access to resources and equipment, and even about the student voice.

Most finalist undergraduate students are eligible – you will have got an email from us if you are – or you can [check online](#).

We really value your feedback so we know what you're enjoying and also what we can improve within the student experience.

Your answers could help our next generation of students make informed decisions about why they should choose Leicester.

The data is published on the [Office for Students](#) and [Discover Uni](#) websites.
